## Rotary Club of Coffs Harbour South

The Rotary Club of Coffs Harbour South was formed in 1971, since then they have been involved in many community projects both locally and overseas. The biggest fundraiser for Rotary Club of Coffs Harbour South is the Annual Rotary Bookfest held in the Exhibition Hall.

Rotary collects books for the annual Bookfest all year round which are stored at the Showground. Sadly in March 2009 Rotary lost over 20,000 books in the floods. Since then we have worked together to organise an alternative location for the books. Renovations are now complete on a new storage facility to keep the books safely above flood levels. The Coffs Harbour Showground is proud to be partners with Rotary Club of Coffs Harbour South as they support the community.

## Workmans Shed

Construction is now complete on the new Workmans Shed located at the Stables entrance. The new addition was necessary to replace the ageing workshop and has been designed with our commitment to energy efficiency in mind.

We are working along with Novakill as they have their construction group learn new skills as they work on the internal fitout.

## Community Projects

We are proud of our community involvement and continually looking for ways to increase the community usage of the Showground. If you are involved in a local community group that could utilise our services, please feel free to **contact** our friendly staff.
